GENERAL INFORMATION: Tax Code Section 26.04(c) requires an officer or employee designated by the governing body to calculate the no-new-revenue tax rate and voter-approval tax rate for the taxing unit. These tax rates are expressed in dollars per \$100 of taxable value calculated. The calculation process starts after the chief appraiser delivers to the taxing unit the certified appraisal roll or certified estimate of value and the estimated values of properties under protest. The designated officer or employee shall submit the rates to the governing body by August 7 or as soon thereafter as practicable. Tax Code Section 26.04(e-1) does not require school districts to certify tax rate calculations or comply with certain Tax Code notice requirements. School districts are required to provide notice regarding tax rate calculations pursuant to Education Code Chapter 44.

This worksheet is for school districts without Tax Code Chapter 313 or Government Code Chapter 403, Subchapter T, Texas Jobs, Energy, Technology, and Innovation Act (JETI) agreements only. School districts that have a Chapter 313 or JETI agreement should use Comptroller Form 50-884 Tax Rate Calculation Worksheet, School Districts with Chapter 313 and JETI Agreements.

Water districts as defined under Water Code Section 49.001(1) do not use this form. Use Comptroller Form 50-858 Water District Voter-Approval Tax Rate Worksheet for Low Tax Rate and Developing Districts or Comptroller Form 50-860 Developed Water District Voter-Approval Tax Rate Worksheet.

All other taxing units should use Comptroller Form 50-856 Tax Rate Calculation, Taxing Units Other Than School Districts or Water Districts.

The Comptroller's office provides this worksheet to assist taxing units in determining tax rates. The Texas Education Agency (TEA) provides detailed information on and guidance to school districts in calculating their tax rates. Please review and rely on information provided by TEA when completing this worksheet. Additionally, the information provided in this worksheet is offered as technical assistance and not legal advice. Taxing units should consult legal counsel for interpretations of law regarding tax rate preparation and adoption.

SEGNION IS No New Arevenue rax Rate

The no-new-revenue (NNR) tax rate enables the public to evaluate the relationship between taxes for the prior year and for the current year based on a tax rate that would produce the same amount of revenue if applied to the same properties that are taxed in both years (no new taxes). When appraisal values increase, the NNR tax rate should decrease.

Un	No-New-Revenue Tax Rate Worksheet	Amount/Rafe
1.	Prior year total taxable value. Enter the amount of the prior year taxable value on the prior year tax roll today. Include any adjustments since last year's certification; exclude one-fourth and one-third over-appraisal corrections made under Tax Code Section 25.25(d) from these adjustments. Exclude any property value subject to an appeal under Chapter 42 as of July 25 (will add undisputed value in Line 6). This total includes the taxable value of homesteads with tax ceilings (will deduct in Line 2).	s 158,655,923
2.	Prior year tax ceilings. Enter the prior year total taxable value of homesteads with tax ceilings. These include the homesteads of homeowners age 65 or older or disabled. ²	_{\$} 11,611,088
3.	Preliminary prior year adjusted taxable value. Subtract Line 2 from Line 1.	ş 147,044,835
4.	Prior year total adopted tax rate.	\$.9702 /\$100
5.	Prior year taxable value lost because court appeals of ARB decisions reduced prior year appraised value. A. Original prior year ARB values: B. Prior year values resulting from final court decisions: - \$ 0	
	C. Prior year value loss. Subtract B from A.	ş <u>0</u>
6.	Prior year taxable value subject to an appeal under Chapter 42, as of July 25. A. Prior year ARB certified value:	\$ <u>0</u>
7.	Prior year Chapter 42-related adjusted values. Add Line 5 and 6.	s <u>O</u>
8.	Prior year taxable value, adjusted for actual and potential court-ordered adjustments. Add Line 3 and Line 7.	ş 147,044,835

9.	Prior year taxable value of property in territory the school deannexed after Jan. 1, of the prior year. Enter the prior year value of property in deannexed territory. 5	ş <u>0</u>
10.	Prior year taxable value lost because property first qualified for an exemption in the current year. If the school district increased an original exemption, use the difference between the original exempted amount and the increased exempted amount. Do not include value lost due to freeport goods-in-transit, or temporary disaster exemptions. Note that lowering the amount or percentage of an existing exemption in the current year does not create a new exemption or reduce taxable value.	
	A. Absolute exemptions. Use prior year market value:	
	B. Partial exemptions. Current year exemption amount or current year percentage exemption times prior year value:+ \$ 1,563,222	
	C. Value loss. Add A and B. 6	_{\$} 1,569,035
11.	scenic appraisal or public access airport special appraisal in the current year. Use only properties that qualified in the current year for the first time; do not use properties that qualified in the prior year.	
	A. Prior year market value.	
	B. Current year productivity or special appraised value: -\$ 0	
****	C, Value loss. Subtract B from A. 7	\$ <u>0</u>
12.	Total adjustments for lost value. Add Lines 9, 10C and 11C.	s 1,569,035
13.	Adjusted prior year taxable value, Subtract Line 12 from Line 8.	\$ <u>145,475,800</u>
14.	Adjusted prior year total levy. Multiply Line 4 by Line 13 and divide by \$100.	_{\$} 1,411,406
15.	Taxes refunded for years preceding prior year. Enter the amount of taxes refunded by the district for tax years preceding the prior year. Types of refunds include court decisions, Tax Code Section 25.25(b) and (c) corrections and Tax Code Section 31.11 payment errors. Do not include refunds for the prior tax year. This line applies only to tax years preceding the prior tax year.	ş <u>1,942</u>
16.	Adjusted prior year levy with refunds. Add Line 14 and Line 15. 9	
	Note: If the governing body of the school district governs a Junior college district in a county with a population of more than two million, subtract the amount of taxes the governing body dedicated to the junior college district in the prior year from the result.	ş <u>1,413,348</u>
17.	Total current year taxable value on the current year certified appraisal roll today. This value includes only certified values and includes the total taxable value of homesteads with tax ceilings (will deduct in line 19). These homesteads include homeowners age 65 or older or disabled. On the certified values. On the current year certified appraisal roll today. This value includes only certified values and includes the total taxable value of homesteads with tax ceilings (will deduct in line 19). These homesteads include homeowners age 65 or older or disabled. On the current year certified appraisal roll today. This value includes only certified values and includes the total taxable value of homesteads with tax ceilings (will deduct in line 19). These homesteads include homeowners age 65 or older or disabled. On the current year certified appraisal roll today. This value includes only certified values and includes the total taxable value of homesteads with tax ceilings (will deduct in line 19). These homesteads include homeowners age 65 or older or disabled. On the current year certified appraisal roll to taxable value of homesteads with tax ceilings (will deduct in line 19). These homesteads include homeowners age 65 or older or disabled.	
	B. Pollution control and energy storage system exemption: Deduct the value of property exempted for the current tax year for the first time as pollution control or energy storage system property:	
	C. Total current year value. Subtract B from A.	_{\$} 165,344,161
8.	Total value of properties under protest or not included on certified appraisal roll. 12	
	A. Current year taxable value of properties under protest. The chief appraiser certifies a list of properties still under ARB protest. The list shows the appraisal district's value and the taxpayer's claimed value, if any, or an estimate of the value if the taxpayer wins. For each of the properties under protest, use the lowest of these values. Enter the total value under protest. 13	
- 1	B. Current year value of properties not under protest or included on certified appraisal roll. The chief appraiser gives school districts a list of those taxable properties that the chief appraiser knows about but are not included in the appraisal roll certification. These properties are also not on the list of properties that are still under protest. On this	
	list of properties, the chief appraiser includes the market value, appraised value and exemptions for the preceding year and a reasonable estimate of the market value, appraised value and exemptions for the current year. Use the lower market, appraised or taxable value (as appropriate). Enter the total value not on the roll. 14

26.	Current year NNR tax rate. Divide line 16 by line 25 and multiply by \$100.	\$.9325 /\$100

SECTION 2: Voter Approval Taxi Rate

The voter-approval tax rate is the highest tax rate that a taxing unit may adopt without holding an election to seek voter approval of the rate. Most school districts calculate a voter-approval tax rate that is split into three separate rates. 20

- 1. Maximum Compressed Tax Rate (MCR): A district's maximum compressed tax rate is defined as the tax rate for the current tax year per \$100 of valuation of taxable property at which the district must levy a maintenance and operations tax to receive the full amount of the tler one allotment. 21
- 2. Enrichment Tax Rate: 22 A district's enrichment tax rate is defined as any tax effort in excess of the district's MCR and less than \$0.17. The enrichment tax rate is divided into golden pennies and copper pennies. School districts can claim up to 8 golden pennies, not subject to compression, and 9 copper pennies which are subject to compression with any increases in the guaranteed yield. 23
- 3. Debt Rate: The debt rate includes the debt service necessary to pay the school district's debt payments in the coming year. This rate accounts for principal and interest on bonds and other debt secured by property tax revenue.

The MCR and Enrichment Tax Rate added together make up the school district's maintenance and operations (M&O) tax rate. Districts cannot increase the district's M&O tax rate to create a surplus in M&O tax revenue for the purpose of paying the district's debt service, 24

If a school district adopted a tax rate that exceeded its voter-approval tax rate without holding an election to respond to a disaster in the prior year, as allowed by Tax Code Section 26.042(e), the school district may not consider the amount by which it exceeded its voter-approval tax rate (disaster pennies) in the calculation this year. This adjustment will be made in Section 4 of this worksheet.

A district must complete an efficiency audit before seeking voter approval to adopt a M&O tax rate higher than the calculated M&O tax rate, hold an open meeting to discuss the results of the audit, and post the results of the audit on the district's website 30 days prior to the election. 25 Additionally, a school district located in an area declared a disaster by the governor may adopt a M&O tax rate higher than the calculated M&O tax rate during the two-year period following the date of the declaration without conducting an efficiency audit. 24 Districts should review information from TEA when calculating their voter-approval tax rate.

SECTION 3: Voter-Approval Tax Rate Adjustment for Rollution Control

A school district may raise its rate for M&O funds used to pay for a facility, device or method for the control of air, water or land pollution. This includes any land, structure, building, installation, excavation, machinery, equipment or device that is used, constructed, acquired or installed wholly or partly to meet or exceed pollution control requirements. The school district's expenses are those necessary to meet the regulrements of a permit issued by the Texas Commission on Environmental Quality (TCEQ). The school district must provide the tax assessor with a copy of the TCEQ letter of determination that states the portion of the cost of the installation for pollution control.

This section should only be completed by a school district that uses M&O funds to pay for a facility, device or method for the control of air, water or land pollution.

SECTION/4: Voter: Approval Tax:Rate Adjustment in Year Following: Disaster

If a school district adopted a tax rate that exceeded its voter-approval tax rate without holding an election to respond to a disaster in the prior year, as allowed by Tax Code Section 26.042(e), the school district may not consider the amount by which it exceeded its voter-approval tax rate in the calculation this year. 37 As such, it must reduce its voter-approval tax rate for the current tax year.

This section applies to a school district in a disaster area that adopts a tax rate greater than its voter-approval tax rate without holding an election in the prior year, as provided for by Tax Code Section 26.042(e).
